Firm's Profile

The Tony Heneine Firm Advantage

We are a certified public accounting firm providing specialized services to individuals, businesses, governments, and non-profits for accounting, auditing, consulting, and tax since 1992. We work with corporations, non-profit organizations, for-profit organizations, small business and individuals. We specialize in providing high-quality, value-added auditing and consulting services. As a small firm, we are able to focus a higher average level of staff on the engagement. We are large enough to serve and small enough to provide caring attention.

A Personal Approach

Each of our clients is not just a number. We are deeply familiar with the details of our clients' organizations, which mean that we develop a thorough understanding of each client's business. As a result, we are able to offer customized, proactive advice that will help in anticipating challenges before they occur and identify emerging opportunities. We create services to meet client's needs, rather than offering standard one-size-fits-all packages.

Familiar Faces

When doing business with a large organization, you may have found yourself leaving endless messages or working with junior staff who are unfamiliar with your company and its needs. When you work with us, you should expect a prompt response to your calls or e-mails from someone you know. The firm's principal will be available to you as the engagement progresses and be involved in the details of the firm's work for you. That kind of personal attention is standard procedure in our firm.

Expectations Are Met

In our firm, each client counts. As a result, we meet our deadlines and deliver on our promises. Because the firm principal is involved in each engagement, you can expect a high level of quality for every service. Our principal is committed to meeting client expectations.

A True Relationship

We develop strong and lasting relationships with our clients. Our own success depends on our client's success, so we work hard to create strong and mutually beneficial relationships with clients. We have helped our clients achieve their business goals.

- **We have long been the trusted business advisers for our clients, providing services to meet a wide range of business needs. We don't simply deliver these services, we provide the kind of customized, hands-on advice and insights.**

Reasonable Fees

Year in and year out, our fees are repeatedly regarded by all of our existing clients to fair, reasonable, competitive, and affordable.

Association Membership

We are a proud member of the Lebanese Association of Certified Public Accountants (L A C P A) .
